Exceptions to Advertising

Faculty. There are unusual circumstances when it is appropriate for the search process and advertising to be waived. With prior approval of the Provost and Executive VP, the Assistant Vice President for Human Resources may permit this waiver if the Director of Affirmative Action & Equity concurs.

Grant-Funded Positions. When recruiting a faculty or staff member under particular grant or contract as follows:

1. When a grant or contract is being transferred from another institution, the principal investigator may bring along those staff members who have been and will continue to be integral members of the research activity. Such individuals are advised that continued employment at USNH is contingent upon continued external funding; and additional staff members must be recruited through regular procedures;

2. When a person(s) (generally not more than one or two) is specifically named in a proposal by the principal investigator and funding calls for or is contingent upon having a qualified individual(s) named who is essential to the successful completion of the project, then normal advertising and Affirmative Action procedures to fill that position(s) will not be necessary;

3. When an individual not currently employed by the University System has written a proposal and gained endorsement from a USNH faculty member/administrator to be the Co-Principal Investigator so named in the proposal, that individual may be named as Co-Principal Investigator without recruitment.
