

Sustainable Development in Costa Rica

IA 555 - UNH Summer Study Abroad Program

June - July 2012

- Take two courses in Human Development, **Sustainable Tourism**, Corporate Social Responsibility, or Spanish for Development Studies
- From a base in San José, discover unique micro-climates along the **Caribbean coast**
- Visit **Earth University** and local farms and experience **tropical sustainable agriculture**
- Take your **Spanish** to the next level as you live with a welcoming host family
- Put your knowledge and skills to use as you give back through a **Service Learning** course
- **Earn 10 credits** and fulfill Discovery requirements (World cultures and, *pending approval*, ETS), International Affairs Dual Major electives and Foreign Experience requirement, and Spanish major/minor courses
- Program Cost: \$5,472 for NH residents / \$5,842 for out-of-state residents—less expensive than taking 10 credits and living on campus

You really can afford to study abroad this summer!

Info Sessions:

Thursday, Feb. 9, 1 - 2 PM, MUB 334
