

Through the Lens of UNH Students Abroad

Vast Achievement, Beijing, China, 2009, by Amanda Brown '11

Dimond Library Level Two Photo Gallery

Dimond Library Exhibit Committee presents its second photography exhibit with a selection of images taken by students who participated in study and research abroad between 2006 and 2009. Most of the photos were submitted to the Center for International Education (CIE) Study Abroad Photo Contest that is held every semester. All tell a rich story of travel experiences through UNH Managed and Approved Study Abroad Programs, as well as the International Research Opportunities Program (IROP). Some of the photographers were part of the International Affairs Dual Major, which is celebrating its 25th anniversary in 2010.

Thanks to the Center for International Education for selecting the photos for the exhibit. Photo gallery exhibits are changed every two years; suggestions for future exhibits are welcome. Send a comment or suggestion to dale.valena@unh.edu.
