

Financial Aid & Study Abroad

Notification As soon as Financial Aid is notified by the program director that you are going to participate in one of the approved overseas programs or one of the domestic exchange programs, we will adjust your financial aid budget to reflect your new program costs. The new cost is outlined for us by your program director /coordinator or by you through the expense information form (INCO and IA only). You will receive a new award letter noting that you are attending a special program. This award letter will outline any revised aid for the semester/year away from campus.

Cost and Eligibility In some cases the cost of your program is less than what you would experience at UNH (especially true for non-resident students). In that case your aid could be less. In cases where the cost abroad/away is more than you would experience on-campus and you haven't borrowed the maximum Stafford Loan allowed for your grade level, you may see an increase in your loan eligibility. No other aid will increase as a result of the greater costs, as we cannot fund expenses which are greater than our on-campus costs.

Payment of Financial Aid Funds The University will pay itself out of your financial aid. Any funds remaining will be sent to you. The check will be sent to you at your permanent address. The check will be made payable to you. In the case of a PLUS loan, a check for remaining funds will be made out to the parent or guardian that applied for the loan and sent to the appropriate address. In order for a refund to occur the Financial Aid Office MUST have received a completed consortium agreement or appropriate contract from your sponsoring or host school.

UNH does not pay UNH approved programs directly. You are responsible for using any financial aid to pay for your program costs.

If you have a change in your grade level over break or you have any questions or concerns, please make an appointment to see Cindy Mills at 862-3600.
