Course work on this form is evaluated by the UNH Registrar's Office for total acceptable transfer credits, general education requirements, non-duplication of previously taken courses and non-major elective credits. Credit acceptability for minor requirements is determined by minor department. The student's advisor determines credit acceptability for the fulfillment of major requirements. The appropriate language department determines the acceptability of language courses taken abroad. Only a portion of the total credits acceptable to UNH may be applicable to a given major or curriculum.
