

## Dining Services Nominated

February 7, 2007

UNH Dining Services has been nominated for a Restaurants and Institutions Ivy Award. More than 300 operations belong to the Ivy Society, founded by R& I in 1971 to recognize and celebrate the industry's luminaries. Each year, all operations that have won an Ivy Award are asked to nominate others they feel uphold the high standards of excellence and achievement that have come to define these awards.

R&I's readership of more than 140,000 foodservice professionals are given an opportunity to vote via a ballot that appears in the January issue of the magazine. Winners will be announced in the May 1 issue of the magazine.
