UNH Storm Water Management Plan **BMP #15: "Post-Construction Runoff Control Policy"**

Date: April 16, 2004

(Rev April 14, 2005)

Architect of Record, Civil and Site Engineer to include in contract documents, assessment of potential water quality impacts from planned site, and ensure compliance with EPA NPDES Phase I and II requirements, UNH Storm Water Management Plan, Town of Durham Storm Water Ordinance, and NH-DES guidelines re: Phase I and II NPDES requirements, including structural and non-structural BMPs.

Refer to BMP #12 for inspection and enforcement of compliance with BMPs during construction.
