Methods

Evidence of External Collaboration and Partnership: *Describe your external partner and how you plan to collaborate with them. Explain how your collaboration on this project benefits you and your external partner(s).*

Expected Impact: *What impact on the external partner is expected? How will you measure the impact? What plans are there for public dissemination of this work?*

Scholarly Connection: *How will this project benefit your scholarship and professional development? Justifications might include linkages to present scholarly work or transitions to new areas of inquiry.*

5. EVALUATION PLAN

What is your plan for assessment of both the scholarship and outreach components? How will you determine that the partnership was mutually beneficial and that you generated and applied new knowledge?

**The proposal should not be more than 3-4 pages long.*
