

Study Abroad Information for Students Enrolled in the UNH Thompson School of Applied Sciences (TSAS)

UNH Study Abroad

The Global Education Center maintains a list of approved study abroad and study away programs, some of which may be appropriate for two-year degree candidates. The programs available through our Partner providers comprise a wide variety of destinations, coursework, and activities. If you cannot find a program in your chosen field of study or destination, you should meet with a Global Education advisor to discuss the options. You can find the Global Advisor for COLSA listed on our website or come to walk-in hours in Conant Hall (Room 310).

Eligibility Requirements

- Students enrolled in the degree programs of the Thompson School of Applied Science (TSAS) may participate in approved study abroad programs appropriate for two-year degree candidates, as well as summer or JTERM options.
- All TSAS students must meet the following eligibility criteria at the time of application and throughout their study abroad:
 - Be in good standing with the UNH Office of Community Standards.
 - Must have earned 32 credits at the time of departure, at least 12 of which must have been earned at the University of New Hampshire fulfilling associate degree requirements.
 - Must have a minimum 2.5 cumulative grade point average at the time of application to and at the time of departure for the study abroad program. Some programs may have higher minimum GPA requirements
- TSAS transfer students into UNH must meet the transfer students' eligibility criteria.
 - Be in good standing with the UNH Office of Community Standards.
 - Transfer students are not eligible to study abroad during the first semester of their associate's degree program at UNH.
 - Must have earned at least 32 credit hours at the time of departure, at least 12 of which must have been earned at the University of New Hampshire **fulfilling associate's degree requirements at the time of application.**

For example, TSAS students transferring to UNH starting in the fall, who want to study abroad the following spring semester, would need to have earned 12 credits at the 400 number or greater by the fall semester to meet this eligibility requirement. Students can take 400-level classes over the summer to fulfill this requirement.
