

2008 Health Care Flexible Spending Account (FSA) Reimbursement Reminder

****Remember, after December 31, 2008 the WageWorks debit card can no longer be used to access 2008 Health Care FSA funds. Any expenses incurred using the card after 12/31/08 will be deducted from 2009 account balances****

Even though the debit card cannot be used to access 2008 funds, participants in a health care FSA can still incur eligible health care expenses through March 15, 2009 that can be reimbursed using 2008 funds. These expenses must be paid for out-of-pocket and submitted for reimbursement by using the WageWorks Flexible Spending Medical and Dental Claim Form which can be found on the HR website under Forms. The deadline to submit for reimbursement is May 31, 2009.
