*"Providing Video Solutions Since 1984"*

March 24, 2010

The Honorable Larry Strickling  
Assistant Secretary of Commerce  
National Telecommunications and Information Administration  
U.S. Department of Commerce  
1401 Constitution Avenue NW  
Washington, D.C. 20230

Dear Assistant Secretary Strickling:

Eastern Video Productions wishes to express our commitment to the statewide broadband proposal titled Network New Hampshire Now (#4248) submitted by the University of New Hampshire to the National Telecommunications and Information Administration (NTIA) Broadband Technologies Opportunities Program (BTOP) Round 2 program. Eastern Video has seen the impact of a lack of available connectivity and the high cost of connectivity due to insufficient supply and inadequate price competition in New Hampshire, and would like to see something done about it.

While we enjoy broadband connectivity in our office in Keene, we are unable to access our business computers from our South Acworth location, due to a lack of broadband access. This truly hampers our ability to do business and stay competitive with other video service providers.

Robust and reliable broadband connectivity is critical to Eastern Video Productions' ability to upload videos to the internet, and to share large video files with clients at a distance. The Network New Hampshire Now Project will be extremely useful for us, and hence to our customers.

For these reasons, we at Eastern Video Productions are enthusiastically committed to New Hampshire's efforts at constructing the Network New Hampshire Now Project. We encourage the funding and construction of this project, and we look forward to being a customer of the finished network.

Sincerely,

Byll Reeve  
Owner
