TRIPS COST \$175 FOR THE WEEK, AND INCLUDE FOOD, TRANSPORTATION, AND GREAT COMPANY. FOR MORE INFORMATION, VISIT OUR WEBSITE FOR A LIST OF TRIPS, AND HOW TO SIGN UP.

### Facts

#### The Club and Leaders

The New Hampshire Outing Club is the oldest and largest club at UNH, and has been providing quality outdoor experiences since 1911. Guaranteed. The club owns two cabins in the heart of the White Mountains which we cherish and which allow us to lead our awesome trips. All trips are planned and lead by students who have completed the club's leader training requirements. This includes completing a Wilderness First Aid course, Defensive Driving course; a club led Leadership Training weekend, as well as assisting full leaders on trips. The club first began leading Freshman Trips in the early 1990s, and it has since become a summer tradition. Most participants remain active in the club, and many regard it as a highlight of their college experience.

*Happy Trails!*

When I first set foot in the office, I remember glancing at the piles of food on the table, and thinking to myself, 'we have to carry *all* that?'

For me, my freshman trip was more than just a walk in the woods, well more than a walk with some serious elevation. I learned more about college in the week I spend with my leaders and other freshman than I had from all the orientation sessions, handouts and emails. It also cemented in a belief that is my crowd. I am still good friends with everyone that went on the trip, and spend as much time as I can in the outdoors. On the two freshman trips I've been on (one as a participant, the other as a leader), the trips have been amazing...summitting Mt. Washington the first year, and Katahdin the second year; canoeing along a wild river in Maine, and backpacking through wilderness in New Hampshire.
