

COLLEGE OF LIBERAL ARTS Undeclared Majors WORKSHEET

Print and bring completed to June Orientation.

Your June academic advisor will help you with the actual course selection process.

Challenge is central to learning - While at UNH, through course work and related experiences (study away, community service, internships), your views of the world will be challenged. You should, also, gain experience and skills dealing with people different from you, which will prepare you for the world you enter upon graduation. We encourage you to seek out these challenges your first semester at UNH. An advisor at June orientation will help you select courses related to your interests.

Step 1. Academic Areas

Select an area that relates to your interests to begin the course selection process. The area does not lock you into a specific program but does help you to select 1st semester courses, perhaps leading to a major. Your June academic advisor will help you pick courses for next fall.

Print and Bring completed form to June orientation for your advising meeting

Step 2. Select Possible Fall Semester Courses

You typically take four courses (16 credits) your first semester. Follow links on previous page, and this page for University requirements, course descriptions, titles, and numbers, and see next page for Liberal Arts first semester courses. A June orientation advisor will be available to help you throughout this process.

Academic Area Course(s) Areas and suggested courses listed on next page. For example, if you chose Humanities, list: HUMA 401 Introduction to Humanities. For course numbers, titles, descriptions	
Course Number	Course Title

ENGL 401 or Group 2 Quantitative Reasoning Discovery or 444 Course For Discovery Program requirements including Group 2 . For course numbers, titles: and descriptions ,	
Course Number	Course Title

Foreign Language, if appropriate For course numbers, titles and descriptions of all foreign languages: If taking French or Spanish, you must take an online placement test prior to June orientation:	
Course Number	Course Title

Additional Discovery Courses or Electives. For Discovery requirements and for course numbers, titles, descriptions	
Course Number	Course Title

---	---	---	---

**** Appropriate placement** will be determined with an adviser at Orientation.

† Course (or alternative when one is offered) **mandatory** in the first semester of the first year to obtain a degree with this major in the usual four academic years

**** [Health Professions Program \(Premedical and Predental\)](#)** (Hood 102)

Students may major in any UNH program but must include at least one of the following courses, if possible: CHEM 403 (if non-chemistry major, consult with prehealth professions adviser before registering for 405) or BIOL 411. Consult with an adviser at Orientation to determine other appropriate first-semester course work. No course prerequisite to medical or dental school should be taken pass/fail or through AP.

+++ [Prelaw Program](#) (Hood 102)

Students may major in any UNH program. They work under the guidance the faculty PreLaw Advisory Committee to select appropriate courses to prepare for admission to, and success in, law school. The committee also provides assistance with the law school admissions process. Students may register with the Prelaw Advisory Committee at June Orientation or by contacting the University Advising and Career Center.
