## Grant Writing Workshops

*All grant writers are strongly encouraged to attend one of the workshops. These workshops will discuss the changes to the program as well as assist the writers in developing & refining proposals. The Workshops also help in deciding if the Parents Association grant program is the best option for your proposal.*

Bring your grant ideas as we will be exploring the grant writing process from idea development to writing to your audience. The discussion will include what makes a strong proposal, writing competitively, demonstrating need, building an argument and assessment. Your specific proposal ideas will be discussed and sample grants will be available for review. No RSVP needed.
