Large Center Development

http://www.unh.edu/research/lcd

The Office of Large Center Development supports collaborative research activities to expand UNH’s capacity to pursue major multi- and interdisciplinary research initiatives that garner national and international recognition by providing the following services:

- **Connect UNH researchers intellectually and develop strategic alliances**
  - Promote interdisciplinary exchanges
  - Work with research teams to identify joint research needs and opportunities
  - Identify and communicate external collaborative research opportunities

- **Guide the pursuit of new strategic research activities in response to the funding opportunity landscape and new research directions**
  - Monitor Federal science policy landscape to identify new and changing opportunities
  - Support effective teaming around areas of interest and promise
  - Work with research teams to develop ‘vision’, value proposition, and competitive advantage

- **Coordinate large and complex grant and contract proposal efforts**
  - Review solicitation and discuss strategic alignment
  - Facilitate team building
  - Build proposal development strategy and timeline
  - Manage pre-submission review team processes
  - Identify and coordinate with appropriate OSVPR offices and resources

- **Implement Collaborative Research Excellence Initiative (CoRE)**
