Kathy Dunn
January 12, 2015
UPDATES TO FUNDING OPPORTUNITY ANNOUNCEMENTS

Broad Agency Announcement (BAA):

USAMRMC BAA FOR EXTRAMURAL MEDICAL RESEARCH

- Announcement No: W81XWH-BAA-15-1
  - Issued 10/1 of each year
  - Open and continuous for 1 year
  - Closes 9/30 of each year
  - Includes USAMRMC Areas of Interest

NEW for FY15:

- Pre-application is required
- Pre-application must be submitted through eBRAP
- Full application will only be accepted if the PI is invited to submit based on review of the pre-application
UPDATES TO FUNDING OPPORTUNITY ANNOUNCEMENTS

Program Specific BAAs and
PROGRAM ANNOUNCEMENTS

NEW for FY15:

- Program Specific BAAs require pre-applications
- Program Announcements require Letters of Intent (LOIs) or pre-applications
- LOIs and pre-applications **must** be submitted through eBRAP
eBRAP

What is eBRAP?

- electronic Biomedical Research Application Portal
- Managed by the Congressionally Directed Medical Research Program Office (CDMRP)

Access eBRAP at:

- https://ebrap.org/eBRAP/public/index.htm

Old System: eReceipt being retired
All LOIs and pre-applications must be submitted through eBRAP

Registration process is **required** before you can submit a pre-application

- PI must register and **associate** him/herself with a Business Official, or **invite** a Business Official

Full applications are still submitted through Grants.gov

- eBRAP pulls full applications from Grants.gov into system

System includes a “verification” period for full applications during which you can make changes (usually a 5 calendar day period)

Exception: Project Narrative and Budget must be resubmitted (before the deadline) through Grants.gov if changes are needed
Summary Statements are posted
“Invite” & “not invite” letters are posted
Monitor when Letters of Recommendation have been submitted
Regulatory documents can be uploaded
Other requested documents can be uploaded
