Training: The Intersection of Domestic Violence and Child Victimization: Understanding the Issues, Developing a Coordinated community Response

1. True or False: There is a connection between domestic violence and child abuse and neglect.

2. Successful intervention in child abuse relies on,
   a. Addressing domestic violence in the home
   b. Holding the perpetrator accountable
   c. Protecting the survivor
   d. All of the above

3. True or False: Some studies have found rates of substance abuse to be higher for adults experiencing domestic violence in their homes than for adults who are not experiencing domestic violence.

4. True or False: Witnessing abuse should be considered conclusive evidence of child abuse and/or neglect.

5. True or False: The risk of sexual abuse to female children is less in non-violent homes.
6. Which of the following are not essential in a Coordinated Community Response?
   a. Evaluation of the strengths of the entire family.
   b. Developing a system response to protect the child and abused parent.
   c. A system wherein all agencies and advocates and supporting the victim(s) as well as holding the perpetrator accountable work together to address the issue of DV.
   d. Secure funding

7. True or False: Responding to a DV disclosure should always consist of Empathetic understanding, providing choices, a lethality checklist, and safety planning.

8. True or False: Because you may be the first person that the victim may have told, it is your responsibility to tell them, in your opinion, what they should do.

9. According to Aron and Olsen (1997), which of these is NOT a key element of a Coordinated Community Response?
   a. Awareness
   b. Understanding
   c. Community militia
   d. Motivation

10. True or False: Families living in rural areas may face unique barriers to escape from abusers, such as a lack of privacy when utilizing local services, limited job opportunities, few resources, and limited housing availability, among other things.

Please attach your Action Plan and this completed Participation Check and submit them to UNH CPE to the attention of Pam Seufert.
