Training: Screening, Assessment, & Triage

1. SAFERR stands for:
   a. Screening & Assessment for Family Engagement, Retention, & Recovery
   b. Safe, Accessible Family Engagement Resources and Referrals
   c. Scanning, Assessing, Finding, Engaging, Rechecking, Referring
   d. Sounds And Findings for Everyday Reference and Retention

2. True or False: 4 Systems are needed when parents abuse substances & maltreat their children: Child Welfare, Alcohol & Drug Treatment, the Courts, & Housing Assistance.

3. Which of the following is not a step in the process of assessment:
   a. Presence & Immediacy
   b. Nature & Extent
   c. Emotional Disposition
4. True or False: While SAFERR values some collaboration, it does not explicitly call for information sharing between systems.

5. True or False: The training recommended that Chemical Dependency Professionals act as onsite addiction experts and liaisons between child welfare workers and substance abuse treatment services.

6. True or False: The training promoted the use of the UNCOPE screening because, as opposed to many other screening models which were only effective later in the life of the case, UNCOPE was effective even when used at initial contact with the client.

7. Which of the following factors did not contribute to the success of the UNCOPE pilot:
   a. Availability of Chemical Dependency Professionals
   b. Social worker confidence in the tool & process
   c. The level of client engagement
   d. The number of children in the family

8. True or False: The trainings suggest that, in order to maintain consistency, screening tools, such as the Global Appraisal of Individual Need-Short Screener (GAIN-SS), override social workers’ ability to make referrals when they feel the screening tool does not reflect the client’s needs.
9. True or False: Although a positive screen is different from a positive assessment, clients will have a guaranteed right to services if the screen is positive.

10. True or False: The trainers advise that the screening process be kept as simple as possible in order to increase the likelihood it will be used.

Please attach your Action Plan and this completed Participation Check and submit them to UNH CPE to the attention of Pam Seufert.
