

I Got the Job!

Engaging at the UNH ECenter helped me get hired.

Arslan Kahn

Marketing Associate at 360 Intel
Greater Boston Area

360 Intel

University of New
Hampshire - 2019
Marketing

"When I first came to the U.S., I was unaware of the many opportunities ahead for me at UNH. One of the most impactful activities was being involved at the ECenter. I joined the Entrepreneurship Club as a member and by my senior year, I was elected club president. The ECenter provided me with great opportunities and introductions to entrepreneurs. My achievements include placing 2nd in the i2 Passport Program, winning the NH Hackathon, and joining the Rines Investment Fund. All of these activities, along with my UNH education, jumped out on my resume when I was hired by 360 Intel. As a fast-growing company, 360 Intel saw value in my innovative experiences, which gave me an edge during the interview process."

ECenter Career Impact

Companies today look for proven innovative problem solvers.
The high-impact experiential programs at the ECenter are designed to
provide students with those skills and tools.
