Dear Members of the University Community –

These are uncertain times and the situation in New Hampshire and the United States is changing rapidly. We understand that you have a lot of questions. To make it easier to find up-to-date answers to many of these questions we have prepared the following documents:

- Comprehensive FAQs (encompasses operations, employees, academic instruction, campus life, travel, and health and safety)
- Flexible work options FAQs
- Self-quarantine guidelines

You can access these documents on the UNH COVID-19 website.

University leaders have been meeting every day to assess the situation and to establish policies that support the health and well-being of our community and allow the university to continue to operate. We believe that the policies in the documents referenced above are consistent with these goals.

Challenging times bring out the best in a community and I know that students, faculty, staff, alumni and parents at UNH are stepping up to that challenge. It is the strength of our community and our commitment to one another that will help us all find success. I will be back in touch soon. In the meantime, please take care of yourself. (The FAQs provide helpful advice about how to do this.)

Sincerely,

James W. Dean Jr.
President
