HAPPY FALL!

I love this time of year! The weather cools and the leaves change to brilliant colors. I'm looking forward to making some pumpkin bread and driving the Kancamagus Highway to see the Fall foliage.

If this is your first Fall in New Hampshire, I highly recommend taking some time to see the beautiful Fall colors! We're getting close to peak season, so check out THIS FALL FOLIAGE TRACKER to find the best time/spot to go.

Otherwise, I hope your semester is going well! Know that in all the highs and lows, your Babcock Hall Staff is here for you. We have lots of events happening - stop by and get involved! I love getting lunch or coffee, so feel free to reach out to get a meal or coffee with me!

Your Manager,
Kelsey

THIS MONTH’S EDITION INCLUDES:

- Getting a Flu Shot
- Heating in the building

Date: Oct. 20th 2021
Place: Ground floor lounge

WEDNESDAY
OCTOBER 27
7PM @ REC LOUNGE
HEATING

UNH has begun the process of turning on the heating system in the residence halls. This will be completed by Friday 10/15. However, we have been hearing that some residents have already begun getting heat in their room.

- **TURN THE HEATER ON.** Every heater is different: Push Switch to "I" "On" or "Heat"
- If your heater has a dial, TURN THE DIAL TO THE RIGHT.
- **WAIT.** The heater can take a few minutes to start.
- **DON'T BE ALARMED** if there is a funny smell at first. This is just because the heaters have not run in some time. It should go away.
- **HEATERS RUN ON A CYCLE.** This means air will not constantly come out of the heater when it is on.

If your heater does not work, CALL UNH Facilities @ 603-862-1437. If it is after hours, PRESS 1.

HEATERS:

**HAVE A BROWN HEATER?**
- Click the "Heat" button
- Turn the knob all the way to the right

**HAVE A WHITE HEATER?**
- Click the "I" button
- Turn the knob all the way to the right
MAINTENANCE REQUESTS

EMERGENT

Call UNH Facilities immediately at...
603-862-1437
After hours or weekend? PRESS 1

BASIC NEEDS SUPPORT

UNH has a variety of supports to provide assistance during difficult times.

WE ALL FACE UNANTICIPATED CHALLENGES DURING OUR LIVES. SOMETIMES THESE CHALLENGES FOR STUDENTS INCLUDE FOOD INSECURITY, HOUSING AND OTHER FINANCIAL CONCERNS.
As a reminder - you are responsible for the removal of your own trash & recycling. All trash & recycling must be brought to the dumpsters in between Babcock & McConnell Hall (Blue is for Recycling).

PLEASE DO NOT LEAVE PERSONAL TRASH IN BATHROOMS. BATHROOM TRASHES SHOULD ONLY BE USED FOR ITEMS USED IN THE BATHROOM. THIS IS TO PREVENT BUGS, SMELLS, ETC.
