Hi everyone,

My name is Jena Corkhum and I am excited to welcome you to Babcock Hall as your Hall Manager! I am originally from Nashua, New Hampshire but call Durham my home away from home as I pursue a Master's in Social Work. When I am not completing schoolwork I enjoy being outside and challenging myself by trying new things. I specifically like to hike, kayak, paddle board, cycle, run, and attempt to be crafty.

This summer I spend time in Nova Scotia, Canada visiting with my 200+ relatives and learning French. I also explored Old Orchard Beach, acknowledging just how hard it is to kayak upstream. Although summer entailed many great adventures I look forward to creating new memories as we embrace the new school year!

What you should know

If a power outage or other emergency should occur on campus during the academic year, your building manager will communicate any important information or instructions with the community via email. Please be sure to check your email frequently!

Sign Up for UNH Alerts

Go to: alert.unh.edu and follow instructions.

UNH Alert is an emergency communication which sends alerts to your cell phone and/or email account.

When an emergency occurs, authorized senders will instantly notify you using UNH Alert. UNH Alert is your personal connection to real-time updates, instructions on where to go, what to do or not do, who to contact and other important information.
**Smoking**

You need to be 20 feet/approximately 6 meters away from the building to smoke!

_How far away is 20ft/6m?_

Check out the map on the elevator bulletin board for a visual.

 * **On the Parsons side:**
   Out at the street—not on the walking path.

 * **On the McConnell side:**
   Under the trees, but further is better!!
   This side allows smoke to blow into the building, so please be courteous to your neighbors!

 * **On the B-Lot side:**
   Past the walking path.

**Bathrooms**

- Keep the trash from your room out of the bathroom trash. Food trash rots in that warm, wet air.
- Do not use bathroom sinks to wash dishes or dispose of food/drinks. We don’t want fruit flies!
  - Remove hair from the shower and sink drains every time you use them.
  - Take all personal belongings with you when you leave.

**Kitchen & Kitchenettes**

*Pay attention to signs & clean up after yourselves*

- Wipe down the counters, burners, and the inside of the microwaves every time you use them.
- Don’t store any food, oil, or spices in any of the cabinets or on the shelves! They will be discarded.
