Dear Student,

Recently, you received an email from UNH Housing and Residential Life about how to schedule an appointment to return to campus and retrieve your belongings.

As the national situation evolves quickly regarding COVID-19, we understand that for some parents and students it will not be possible to retrieve belongings by March 30. For those students, we want you to be aware that Housing will keep belongings in the student room until we establish a plan for retrieval at a later date to be determined. We will secure all buildings and rooms, but can take no responsibility for personal belongings. If you have selected a move-out appointment already but wish to cancel it, please refer to your confirmation email for the cancellation link.

While we do not have details yet to share about that process, rest assured we’ll work on our end to establish a process and communicate fully with students to the best of our ability. We include parents on these communications as often as possible.

We are keeping an FAQ site as up to date as we can and they can be found here https://www.unh.edu/housing/covid19-housing-faqs

Do let us know if we can answer any other questions for you. Wishing you and your loved ones the best through these challenging times.

Take care,

UNH Housing
