HAPPY OCTOBER, WOODSIDE!

My personal favorite season is upon us and the campus looks beautiful already!

October is often the start of a really busy time in all of our lives—exams, holidays, and APARTMENT SELECTION TIME! Please read the details in this month’s letter carefully to learn about how you will have the opportunity to live in Woodside again next year!

In addition, you’ll find some awesome upcoming programs, important reminders and announcements, and all the details on Woodside’s new recognition program.

Happy fall!

YOUR MANAGER, BECKY
IMPORTANT TRASH REMINDERS

As the university is faced with some changes in policies regarding waste collection, it is important that we comply with contamination policies, it is important that we are conscious of how we are disposing of our trash and recycling!

TRASH BAGS DO NOT BELONG IN THE RECYCLING RECEPTACLES!

Discussions are underway to determine best ways to eliminate plastic bags from the recycling dumpsters. One idea on the table is installing cameras at the dumpsters or having staff empty the bags to look for identifying material. If we are able to determine who has disposed of a plastic bag(s), we could charge them the $140 fine that we, as an organization, are charged for the contamination.

In addition to being more aware of where you're throwing your trash, please make sure you close the doors to the receptacles! Being tucked on the edge of the woods, we have a lot of critters around who can get into our trash if we aren't careful! So, avoid leaving trash outside the bins and please close the door behind you!

Happy (almost) Halloween!

One of the great things about this time of year is all of the holidays - Halloween included! The Woodside staff wants you all to enjoy yourselves and make some great memories, but we also want you to be mindful of the kinds of costumes you are choosing to wear. Showing respect and understanding for cultures that are not your own is a value that we strive to uphold here at UNH and within the Woodside community. Please take some time to view the video at the following link as well as observe the photo below around the topic of cultural appropriation. As always, feel free to reach out to me if you would like to have further conversation around this topic! My office door is always open to these kinds of conversations.
