Availability of Results/Scores

**Aggregate student evaluation of teaching descriptive statistics**

In cooperation with the Center for Teaching Excellence, you may access aggregate descriptive statistics on line, searchable by academic year, by college or department, and by course level at:

http://db.unh.edu/vpaa/TeachEx/tereports.asp

**Individual instructor/course student evaluation of teaching reports**

To view results for a particular instructor or a particular course, the Dimond Library houses the complete University set (both Durham and Manchester courses). These reports are available at The Reserve Desk (hardcopy for the most recent academic year). The Special Collections Department in Dimond has the summaries in hardcopy back to Fall 1986, and on microfiche back to Fall 1979.
