

## **My Invention Commercial Storyboard**

Questions to consider when creating your commercial:

1. What is the name of your invention?

2. What is your invention?

3. What does your invention do?

4. How does it make life easier?

5. Who should buy it?

6. Where can you buy it?

7. How much does it cost?

Draw or write a description of the features you want to show in your one-minute commercial. This can act as your script as you plan and practice before you record your video.
