

Instructions for Preparing the Promotion and Tenure Statement Tenured/Tenure Track Faculty

Preparation of promotion and tenure statements that are complete, concise and of uniform format is important to both the candidate and the evaluators. These instructions are intended to ensure that result. Please follow the instructions carefully.

The departmental promotion and tenure statement consists of a sequence of descriptive and evaluative sections, followed by a documentary appendix, as follows:

- I. Curriculum Vitae
- II. Candidate's Statement on Teaching, Scholarly, and Service Activities (the candidate has the option to provide a single integrated statement on teaching, scholarly and service activities or provide a separate description of each activity)
- III. Description of Teaching Activities
- IV. Evaluation of Teaching
- V. Description of Scholarly Activities
- VI. Evaluation of Scholarship
- VII. Description of Service Activities
- VIII. Evaluation of Service
- IX. Recommendations
- X. Department Guidelines for Promotion and Tenure

A document appendix is also part of the statement.

The department chairperson is responsible for the preparation of the statement. To ensure accuracy and completeness, the curriculum vitae and the description sections are the responsibility of the candidate and verified by the chairperson. The evaluation and departmental recommendation sections are confidential and must be written either by the chairperson or a member of the Department Promotion and Tenure Committee. The chairperson is to write a separate recommendation. The statement should be maintained electronically. The department must retain a copy in its electronic files and electronically submit a copy to the dean to retain in the dean's office files. After the appropriate recommendations are added at the college level, the dean transmits the materials to the provost and vice president for academic affairs.

- Pages in parts 1-8 should be numbered consecutively starting with Curriculum Vitae as page 1.
- The curriculum vitae is to be confined to the one-page form supplied. Please be sure that the "years in rank" for the present rank include the current academic year.
- Each sub-section of the narrative should be headed by the topic to be addressed (with the words of the heading in capital letters). The statements after each question in this template are part of the instructions and are not to be included in the heading.
- In the narrative sections, the topics on the following pages should be addressed in the order listed.
- The appendix should be a separate document (e.g., PDF) and may contain links to videos, websites, etc.
- Pages in the appendix should be numbered consecutively beginning with A-1. The first item in the appendix should be a complete professional resume of the candidate (including publications).
- Documentation (supporting letters, student evaluations, and other materials) should appear in the appendix in the order in which they are first mentioned in the narrative.
- Copies of the candidate's annual reports and annual evaluations (for faculty not yet tenured) or periodic evaluations (for tenured faculty) should be placed in chronological order at the end of the appendix.
- Electronic signatures are acceptable throughout the document (e.g., for all recommendations)

Teaching, scholarly and service activities must be evaluated separately as outlined in this template.)

V. DESCRIPTION OF SCHOLARLY ACTIVITIES

1. THE CANDIDATE'S OWN OPINION OF THE EFFECTIVENESS OF THEIR SCHOLARLY ACTIVITIES. (Omit if candidate is providing an integrated statement on teaching, scholarly, and service activities.)

This should be a one- or two-page self-evaluation, which may be supported by documentation. Candidates should document the work they did in collaboration with other faculty members and make explicit the nature of their own contribution to the collaborative work. *Activities may also include engaged scholarship as defined in [Procedures and Criteria for Promotion and/or Tenure: Guidelines for Deans, Department Chairs and Faculty Members of School and College Promotion and Tenure Committees](#).*

2. LIST OF THE CANDIDATE'S PUBLISHED SCHOLARLY WORK AND OTHER PROFESSIONAL PERFORMANCES.

If the candidate is in a discipline in which scholarly work is usually exemplified by publications, the following order should be used: a) Books and Monographs; b) Textbooks; c) Refereed Articles; d) Other Articles; e) Reviews and Miscellaneous Publications. These should be cited in the standard entry form used in the faculty member's field.

If the candidate is in a discipline such as music or art, scholarly work should be described in terms of concerts, compositions, exhibitions, and publications, as appropriate. Other evidence of scholarly achievement, such as purchase of work by museums, galleries, etc., may be provided.

3. LIST OF CANDIDATE'S SCHOLARLY WORK CONTRACTED OR SOON TO BE PUBLISHED.

Follow the same order and format as in the above item, and identify each as "in press," "submitted," or "in preparation." Provide dates of actual or expected submission.

4. LIST OF ORAL PRESENTATIONS BEFORE PROFESSIONAL GROUPS.

Include titles and dates of the talks and the identities of the groups hearing the presentations.

This may involve professional work with industries or other organizations. *Activities may also include engaged scholarship as defined in [Procedures and Criteria for Promotion and/or Tenure: Guidelines for](#)*

[Deans, Department Chairs and Faculty Members of School and College Promotion and Tenure Committees](#). It does not include professional consulting, which is addressed elsewhere.

VI. EVALUATION OF SCHOLARSHIP

1. THE COMMITTEE'S EVALUATION OF THE SCHOLARLY WORK OF THE CANDIDATE.

Evaluate the quality of the candidate's scholarly writing or professional performances. If published scholarship is the professional standard, evaluate the venues in which it appears. When reviewers' opinions are available, summarize or quote from them or include copies in the appendix. For books, clearly identify the nature of the publisher and the process of acceptance for publication. For joint publications, indicate proportion of the candidate's contribution. If the candidate's scholarly work takes the form of concerts, compositions, exhibitions, or personal appearances, comment on their quality. Cite reviewers' comments when they are available. Scholarly work may include examples of engaged scholarship as defined in [Procedures and Criteria for Promotion and/or Tenure: Guidelines for Deans, Department Chairs and Faculty Members of School and College Promotion and Tenure Committees](#).

2. OUTSIDE REPUTATION OF THE CANDIDATE'S SCHOLARLY WORK.

How well known is the faculty member outside the University, and for what? Is the faculty member known regionally, nationally, internationally?

3. OUTSIDE LETTERS OF EVALUATION.

If the candidate is being considered for promotion to associate or full professor, provide in the appendix letters from five or more persons in the faculty member's field from off campus evaluating their professional contribution to scholarship. Solicitation of such letters is also required for those being considered for promotion to associate professor. To ensure that at least five letters are received, it is recommended that more than five letters be requested.

- a) By whom are the letters written?
- b) How were these persons chosen? What is the relationship of the candidate with the outside reviewer? Reviewers should be neutral and not pose a risk for conflict of interest. A stronger case will be made if some of the evaluators are selected by the department committee rather than by the candidate. Candidates should not contact outside evaluators.
- c) What are their professional credentials? It is important to choose outside evaluators whose opinions will be influential by virtue of their own positions and reputations. It should be obvious to the P&T committees and the deans that the evaluators are knowledgeable about the faculty member's discipline.
- d) On what page in the appendix is a sample letter of solicitation included? It is important to request the evaluation in a neutral manner and to ask the evaluator to indicate the basis of his/her assessment. Letters of solicitation should include the following: "Please note that although it is our intention to hold your responses in confidence, under recent legal precedents we, like any other college or university, may be required to disclose your response along with other peer evaluation materials in the course of certain legal proceedings." Sample letters to request evaluations are available in the deans' offices.

- e) Where in the appendix can the letters be found?
- f) Summarize the contents of these letters and provide any appropriate reaction or further comment.

4. EVALUATION OF THE WORK OF THE CANDIDATE AS DESCRIBED IN ITEM 8 OF THE PREVIOUS SECTION.

What is the committee's opinion of this work? Were outside letters obtained commenting on this work?

- (a) If so, identify the writers and cite the locations of the letters in the appendix.
- (b) If not, briefly explain why such letters were not obtained.
