**Who We Are:**
UNH Cooperative Extension is the primary outreach unit of the University of New Hampshire with professional staff working in communities across the state.

**What We Do:**
Our mission is to provide New Hampshire citizens with research-based education and information, enhancing their ability to make informed decisions that strengthen youth, families and communities, and to sustain natural resources, and improve the economy.

**Meeting with you Today**

**Our Program Priorities**
- Sound Natural Resource Management
- Water Quality Protection
- Sustainable Agriculture Support
- Nutrition and Food Safety
- Strengthening Families & Communities
- 4-H Youth Development
- Financial Management
- Sustainable Fisheries
- Integrated Pest Management

*The University of New Hampshire Cooperative Extension is an equal opportunity educator and employer. University of New Hampshire, U.S. Department of Agriculture and N.H. counties cooperating. October 2010*
We can help... Identify Community Partners

Our staff are deeply connected to the local New Hampshire communities they work in and can help you make meaningful connections to enhance your community engagement and outreach.

We can help... Deliver Educational Programs

Our Extension faculty and educators collaborate on grants, provide program evaluation resources, facilitate group process and convene stakeholders.

We can help... Network with Experts

We have access to knowledge and expertise from all the land-grant universities throughout the United States to help you form collaborative partnerships.

Connect to Outreach Professionals

We have offices and staff in all ten counties of New Hampshire, providing a comprehensive state-wide network.

- Identify relevant research needs.
- Collaborate with applied research partners.
- Develop outreach programs for non-formal learners.
- Gather together stakeholder groups to discuss issues.
- Provide opportunities for undergraduate and graduate students to work in communities.

Help Put Knowledge and Research to Work: Together we can do more.
