**Search strategies:**

- Search by country and/or world region
- Search based on type of project e.g., research, curriculum development; lectureship/visiting scholar; exchange; community development, service
- Search based on source of funds US government – STATE, USAID; international offices/programs within other agencies (e.g., US ED, NSF, NASA, NIH)
- Other governments & their embassies
- International professional groups
- Ethnic or regional “pride” organizations
- Foundations and other not-for-profit organizations
- Search based on target group or audience e.g., students, demographic groups, age groups
- Search based on investigator’s characteristics e.g., career phase, gender, minority/underrepresented group, etc.
