Support for New/Early Career Researchers and Scholars

Federal agencies, not-for-profits, professional societies, and other sponsors often have special funding opportunities for early-career researchers and scholars.

Research Development provides a range of resources and services to help UNH researchers and scholars take full advantage of these time-sensitive opportunities, including:

- Comprehensive lists of early-career grant programs
  http://www.unh.edu/research/special-funding-needs-and-programs

- *Funding Opportunities and Strategies for New/Early Career Researchers and Scholars*
  November 14, 2017  12:40-2:00 PM, MUB 203

- Workshop series on specific sponsors’ career programs, e.g., Dept. of Energy, NSF, DoD
  Watch for emails from the Research Office for registration details to attend these programs.

- One-on-one planning and proposal development assistance

- Proposal review and editing service

- General strategies for searching for funding
  http://www.unh.edu/research/search-tools-strategies

- Assistance with search tools, such as SPIN and the Foundation Directory Online
  http://www.unh.edu/research/spin-smarts-genius
  http://www.unh.edu/research/foundation-directory-online
