</table>

- For budget purposes only and subject to sponsor requirements, inflate all salaries per USNH salary guidelines. Unless otherwise stated by UNH and sponsor, a 3% inflation factor should be applied to other direct cost categories, e.g., travel, materials, supplies, etc. Tuition, Health Plan and Fees are subject to 2.5% inflation and College Specific Fees are subject to 2% inflation.
- Effective 1/1/2017, reimbursement for personal vehicle is $0.535 per mile.
- The equipment capitalization threshold is $5,000.
- The rate base for externally funded programs is modified total direct costs ("MTDC"). MTDC is the total of all direct costs of the project, with the following exclusions: equipment over $5,000, capital expenditures, tuition and fees, rental cost for off-site facilities, scholarships, fellowships, participant support costs and subaward costs over $25,000. The rate base for externally funded programs that propose to pay less than the established F&A rate is "total direct costs" unless otherwise specified by sponsor. F&A rates apply to new awards with a start date on or after the effective date of the F&A rate change.
- The full fringe rate applies to salaries and wages, except for hourly and college work study wages, graduate student salaries, and faculty summer and supplemental salaries. The basic fringe rate applies to non-student hourly wages, FICA-eligible graduate student pay, faculty summer and supplemental salaries, and other exceptions to faculty and staff contract pay.
- The Graduate School’s published minimum rates for AY 17-18. Subsequent year stipends are increased by $1,000 for the next 3 years. Summer rates represent 13 weeks for full-time work; to prorate, divide the summer rate by 13 and multiply by the number of weeks worked.
