COLA New Faculty Orientation Meeting II: Practicing Diversity Out Loud

Thursday, September 21st
12:40-2:00
Dimond Library, Room 352
Attendees:

Reggie Wilburn, Associate Dean, COLA
Brett Gibson, Associate Dean, COLA

Agenda:

This session discusses the variety of ways junior faculty can play a vital role in enhancing diversity at UNH through our teaching, advising, and service contributions. Amid present-day climate issues relative to diversity and inclusive excellence both on our campus and abroad, how can we enhance this pillar of our university's core value and strategic vision with integrity, effectiveness, and an entrepreneurial spirit of exemplary citizenship? Our “give and take” discussion format will aid us in addressing this “Grand Challenge” for COLA educators and the unique role junior faculty can play in helping to transform the world one student at a time.
