

UNH FACULTY SENATE
MOTION # XXIII- M3
*on amending the bylaws to add "Academic Program"
to the table in Article 6*

1. Motion presenter: James Connell, on behalf of the Senate Agenda Committee

2. Dates of Faculty Senate Discussion: 8/27/2018, 09/17/2018

3. Rationale:

4. Motion: to amend Article 6 of the Bylaws of the Faculty Senate to add a new row to the table, under "Academic Affairs" and above "Campus Planning," titled "Academic Program" that lists (as for Academic Affairs) the "Provost/Vice President for Academic Affairs, Dean's Council."

5. Senate action: The motion carried with 64 votes in favor with 3 abstentions.

6. Senate Chair's signature:  _____

Forwarded to the following on October 22, 2018

President James Dean
Wayne Jones, Interim Provost
P.T. Vasudevan, Senior Vice Provost for Academic Affairs
All college deans
All department chairs

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

Furthermore, it is noted that regular audits are essential to identify any discrepancies or errors. By conducting these checks frequently, potential issues can be resolved before they become significant problems.

In addition, the document highlights the need for clear communication between all parties involved. All team members should be kept informed of the current status of the project and any changes that may occur. This helps to prevent misunderstandings and ensures that everyone is working towards the same goals.

Finally, it is stressed that attention to detail is crucial throughout the entire process. Small mistakes can lead to larger complications down the line. Therefore, it is important to double-check all information and ensure that everything is done correctly the first time.

The second part of the document provides a detailed overview of the project's progress. It includes a list of completed tasks and a timeline for the remaining work. This section is designed to give stakeholders a clear understanding of where the project stands and what to expect in the future.

Key milestones have been reached, and the team is on track to complete the project by the scheduled deadline. However, there are still several critical tasks that require immediate attention. These will be prioritized to ensure that the project stays on schedule.

The following table summarizes the current status of the project's various components. Each row represents a different area, and the columns indicate the progress level and any associated risks.

Component	Progress	Risks
Financial Reporting	80%	Low
Operational Efficiency	60%	Medium
Customer Satisfaction	90%	Low
Internal Controls	75%	Medium

Based on the data presented in the table, it is clear that while some areas are well-advanced, others still require significant effort. The team will focus on addressing the operational efficiency and internal controls issues in the next phase.

It is also important to note that the overall project health remains positive. Despite some challenges, the team's dedication and hard work have led to significant progress. Continued communication and collaboration will be key to a successful outcome.

The final section of the document outlines the next steps and the responsibilities of each team member. This ensures that everyone knows what is expected of them and how their work fits into the overall project plan.

The project manager will continue to provide guidance and support throughout the process. Regular meetings will be held to discuss progress and address any concerns. The team is encouraged to stay motivated and committed to the project's success.
