Landlord Release Form

This form is giving permission to release financial aid information to your landlord. The Landlord Release Letter can only be written after a pending credit appears on your account in the UNH Business Office. The timeframe for us to notify your landlord begins after your tuition bill has posted to your Billing Office account for the upcoming semester (July for fall semester, November for spring semester). If you will need another letter for the next semester, you will need to complete another Landlord Release Form.
