

GSS Newsletter

April 2020

Graduate Student Senate

A BRIEF UPDATE FROM THE GRADUATE STUDENT SENATE

We hope that this newsletter finds everyone well as we transition to online classes and remote working during COVID-19. GSS is working hard, in collaboration with faculty and administrators, to consider grad students' best interests as we navigate this time. GSS recently passed a [resolution regarding course evaluations and online learning](#) to help ensure that the transition to online courses is as seamless as possible.

Last month, we held our elections for the Academic Year 2020 – 2021 Graduate Student Senate. We had record voter turnout for this election, and we appreciate everyone's involvement who participated. We are excited to welcome the new senators who will begin working in fall 2020.

COVID-19 Resources for Grad Students

[Graduate School FAQ Page](#)

Frequently asked questions related to COVID-19, specifically geared towards graduate students

[Health and Wellness Telehealth Services and Virtual Programs](#)
