Discussion & Dialogue with Dr. Nancy Targett
Provost and Vice President for Academic Affairs
University of New Hampshire

Challenges and Opportunities of Doctoral Education at UNH and Beyond

Prior to coming to UNH in September 2016, Dr. Targett was president at the University of Delaware and a member of the faculty from 1984 - 2016. She served as dean of UD’s College of Earth, Ocean and Environment and director of Delaware Sea Grant from 2005 to 2015. Dr. Targett earned her doctorate in oceanography at the University of Maine. A nationally-recognized expert on ocean issues, she is past chair of the board of trustees of the Consortium for Ocean Leadership and past treasurer of the Sea Grant Association. She has served on the Ocean Studies Board at the National Academy of Sciences and the Mid-Atlantic Fisheries Management Council.

The Fall Environmental Sciences Seminar Series is sponsored by the Natural Resources and Earth Systems Science (NRESS) Ph.D. Program, in partnership with the Earth Systems Research Center, and the Natural Resources and the Environment and Earth Sciences Departments.

Free - All are Welcome (No RSVP necessary)
