Update Regarding On-going Power Outage at UNH Durham Campus

UNH Facilities is continuing to work to return power to the areas of campus still without power. The most recent update from that department is that Sawyer, Scott, McLaughlin and Congreve Halls will continue to be without power until approximately 10:00pm tonight. Outdoor portable lighting units will be deployed in the area of these buildings for safety. Stillings Dining hall will be closed tonight. Residents of the above buildings are encouraged to go to the Memorial Union Building, Rec Center and/or the various campus Libraries for Wi-fi, heat, lights and other comfort needs. Work to restore all power will continue until back to normal.
