12" x 18" Proof = \$8.50 **Tube** = \$4.00

SETTING UP YOUR FILE

1. Set your page size correctly.

PowerPoint on the PC: Design – Page Setup – “Slides sized for:” select **Custom**, enter the correct width & height.

PowerPoint on the Mac: File – Page Setup – “Slides sized for:” select **Custom**, enter the correct width & height.

2. 3/8-inch margins minimum.

Allow at least 3/8-inch margins for all text and images. Any less and edges of type/images may be cut off during trimming. (OK to extend the background off the edge if you want it to bleed.)

3. Avoid fancy backgrounds.

The use of some of the “fancy” or “gradient” backgrounds can cause unpredictable results during printing, and makes the text more difficult to read.

4. CAUTION! Enlarging images.

Images downloaded from the web are low-res (36-72 dpi). **For best quality use images that are at least 150 dpi at the size you are using them.** Exercise caution when enlarging rasterized images (ie. jpeg, tiff, png, gif), unless you know they are high enough resolution.

5. Color: what you see is NOT what you get.

Colors often appear differently on-screen than on paper, especially blues, which often print looking purple. If color is a concern, please consult our color chart for accuracy (available at Printing Services).

FILES ACCEPTED

Please provide PDF, along with the original file (PowerPoint, Photoshop, InDesign, etc).

(PDF eliminates font substitutions. However, if we need to troubleshoot the file, we will need the original file.) Open your pdf file and confirm it is the same size as your poster before submitting..

DELIVERY

Posters **paid in advance** by department encumbrance number can be delivered to your campus department office.

All others posters must be picked up at Printing Services, 10 West Edge Drive.

PAYMENT

Payment can be made by cash, credit card, Cat's Cache (in person), check, or department encumbrance number.

HOW TO SUBMIT YOUR FILE

Include your name in your file name.

Example: "John_Smith_URC_poster.pptx"

- **Online - preferred method**
 1. <https://printorders.unh.edu/fulfillment>
 2. Go to Get A Job Printed - Upload a File
 3. Click Browse - select your file
 4. Click Preview/Change Options - Output needs to say wide format - make sure you pick the size that is your poster! It will say URC poster on the paper choices.
 5. If it needs to be on a foamcore, make sure you pick that for your poster.
 6. Select **other** to choose lamination, poster tube, or proof.
- **Email** printing.services@unh.edu
Include information - name, phone #, size, paper, date due, and college (PAUL, CEPS, HHS, COLA, COLSA, T-SCHOOL, MANCHESTER)
send native AND pdf file. **DO NOT just email us a file with no information**
- **Drop off your file** at Printing Services, 10 W. Edge Drive
