DENISE SALTOJANES ’95

Denise Saltojanes, is the managing director at Golden Seeds and an active angel investor through the NuFund Venture Group. Since graduating from the University of New Hampshire with a degree in chemical engineering in 1995, she has dedicated her career to encouraging innovation and promoting positive change.

Saltojanes describes her time at UNH as a “great training ground” that provided an opportunity to explore her talents and develop confidence in her skills as an engineer. Saltojanes began her career at General Electric as a process engineer, while simultaneously starting her own massage therapy business, which she later sold. In 2000, she joined Cambridge Polymer Group (CPG) as head of operations. During her time there, CPG developed and sold a formula for durable polyethylene material for use in hip and knee replacements.

After time as a laboratory and financial manager at Massachusetts General Hospital and as vice president of investment banking at Medical Capital Advisors, she took a civilian role with the US Air Force. As the division chief of cost estimating at Hanscom Air Force Base, she successfully modeled and defended more than $6 billion in Congressionally-approved appropriations and was responsible for a number of important financial agreements regarding technology and materiel transactions with foreign allies.

Since 2021, her commitment to integrity and dedication to diversity has informed her career as an investor. As a seed investor, she focuses on businesses led by women executives and those working on diversity issues. A committed philanthropist, Saltojanes is passionate about promoting women and diversity in leadership roles, advocating for animal welfare, and expanding access to the arts. She is also a member of the UNH Chemical Engineering Advisory Board and the College of Engineering and Physical Sciences Advisory Board.

Academic Regalia

The tradition of academic regalia dates back to the Middle Ages. There has been some variation through the years, but today the American academic costume is governed by a generally accepted code.

GOWN
The gowns vary somewhat in design depending upon the academic degree they represent. There are three standard gowns: the bachelor's, the master's, and the doctor's. The bachelor's and the master's gowns are untrimmed. The doctor's gown is faced with velvet down the front. Three velvet bars adorn each sleeve. In recognition of UNH's 150th Celebration, the university debuted a new gown in 2016 based on the primary institutional color. The gown features the university seal. Gowns, hoods and caps of foreign universities usually are distinctive and do not comply with the American Academic Costume Code.

CAPS
Caps are normally black. The tassel is worn on the right side until the bachelor's degree is conferred; then the tassel is worn on the left.

HOODS
Hoods are indicative of an advanced degree. The lining shows the color of the college or university granting the degree, and the trimming represents the field in which the degree is granted.

Some of the major areas are listed below:
Agriculture — Maize
Arts, Letters, Humanities — White
Business Administration — Light Brown
Education — Light Blue
Engineering — Orange
Forestry — Russet
Law — Purple
Library Science — Lemon
Music — Pink
Philosophy — Dark Blue
Public Health — Salmon Pink
Science — Golden Yellow
Theology — Scarlet

Gold and White Cords
Gold cords are worn by UNH Presidential Scholars, seniors graduating with a cumulative grade-point average of 3.85 or higher. White cords are worn by University Scholars, seniors graduating with a cumulative grade-point average between 3.5–3.84 (3.5-4.0 for Associate Degree candidates). These cords are presented at the Honors Convocation every spring.

MILITARY HONOR CORDS
Red, White and Blue Honor Cords are worn by graduating veterans in recognition of their service to our country.

UNIVERSITY MACE
The university mace is commonly used at formal academic ceremonies to symbolize the authority universities have to grant degrees and maintain high educational standards. The University of New Hampshire mace, a 1983 gift of the Carolinas Club, is silver with a hammered texture. Its torch-like, tapered body features three silver seals including those of the state of New Hampshire, the town of Durham, and the University of New Hampshire, and is embellished with chips of granite.

ACADEMIC MEDALLION
The University of New Hampshire academic medallion is silver and features the university seal. It is worn by the president of the university as a symbol of office.

UNIVERSITY FLAG AND COLLEGE BANNERS
The principal banner for academic ritual is the university flag. This is always fixed and displayed on the platform. The college banners are carried in the processional by the class marshals. Traditionally, the class marshals are selected by the deans and directors of the colleges and schools on the basis of academic achievement and contributions to their class.

Land Acknowledgement

As we all walk the trail of life, we wish to acknowledge the spiritual and physical connection the Pennacook, Abenaki, and Wabanaki Peoples have maintained to N’dakinna (N-DAH-kee-nah) and the aki (land), nibi (water), lolakwikak (flora), and awaasak (fauna) which the University of New Hampshire community is honored to steward today. We also acknowledge the hardships they continue to endure after the loss of unceded homelands and champion the University’s responsibility to foster relationships and opportunities that strengthen the well-being of the Indigenous People who carry forward the traditions of their ancestors.

The Commencement Committee wishes to thank all of the ambassadors who served as hosts for today’s ceremony.
The University is part of the University System of New Hampshire.
