

**WE ARE NEW HAMPSHIRE: *Transgender Lives in the Granite State***

TransGender New Hampshire (TG-NH) and GLAD have put together a resource entitled “We Are New Hampshire: Transgender Lives in the Granite State.” It is a book and companion website - to help educate the New Hampshire community about the bias and discrimination transgender people face, and why transgender non-discrimination protections are so needed.

Visit the link below to read and share these stories with your family, friends, neighbors and legislators - or to share your own story. You can also request a free copy of the book.
