**Strategic Plan**

- Engagement as a core value
- Supported by Provost and President
- Engagement consistent with the University’s mission
- Engagement as a major university-wide goal
Engaged Scholarship is a mutually beneficial collaboration between the University of New Hampshire (New Hampshire’s land, sea, and space grant University) and community partners for the purpose of generating and applying relevant knowledge to directly benefit the public.

Engaged Scholars Academy Goals

Enhance individual faculty’s ability to move forward from engagement/service to peer-reviewed engaged scholarship through:

a. focused conversations about “best practices” in engaged scholarship and

b. critical review and application of these practices to their own scholarship.
Engaged Scholars
Academy Goals

Increase faculty knowledge about developing mutually beneficial partnerships with those external to the University so that scholarship will be enhanced.
Engaged Scholars Academy Goals

Contextualize national conversations about engaged scholarship to UNH and develop a common understanding of this form of scholarship within the disciplines.
