

UNH FACULTY SENATE  
MOTION # XIV-M13

on staff benefits and wages

1. Motion presenter: Agenda Committee
2. Date of Faculty Senate discussion: 3/22/2010
3. Rationale:

This motion expresses a sentiment of solidarity and is not a bill of particulars. The staff are under significant pressure regarding benefits and the wage freeze.

4. Motion:

The Faculty Senate stands in solidarity with our colleagues in the EE/PAT and OS, who have suffered wage freezes and feel continual pressures on their benefits. These circumstances have undermined a sense of well being and respect among the university community. We urge the administration to lift the wage freeze and maintain, if not enhance, all benefits.

5. Senate action: passed with thirty ayes, one nay and six abstentions.

6. Senate chair's signature:
