

UNH FACULTY SENATE  
MOTION # XIV-M3

on Student Separation Policy

1. Motion presenter: Student Affairs Committee
2. Date of Faculty Senate discussion: 11/2/09
3. Rationale:

The Student Affairs Committee met with Anne Lawing, Dean of Students (Division of Student and Academic Services) at her request, to review the Administrative Separation and Procedures for Re-Admission in the Student Rights, Rules, and Responsibilities manual on page 37, accessed at: [www.unh.edu/student/rights](http://www.unh.edu/student/rights). The committee requested clarification on several aspects and suggested a few additions to the policy that are highlighted in the draft. The committee is satisfied with this revised policy and with Dr. Lawing's plan to request, at the time of notification to the associate deans, that each associate dean notify the individual faculty member whose student has been separated. The revisions will be in effect immediately and will be published in the January, 2010, Student Rights, Rules, and Responsibilities manual.

4. Motion:

**The Student Affairs Committee made a motion that the Faculty Senate endorse the revised Administrative Separation and Procedures for Re-Admission in the Student Rights, Rules, and Responsibilities manual, to be published in January of 2010.**

5. Senate action: passed unanimously except for one abstention.

6. Senate chair's signature:
