To Whom It May Concern:

The Student Senate of the University of New Hampshire recently voted to pass the resolution supporting the creation of a student alumni network. For the several reasons listed below, the student representatives believe this resolution to be positive for University students. The Student Senate believes this project to be beneficial and well-executed and eagerly lends its full support.

Respectfully,

Gabriel Hoffman
Student Senate Speaker
University of New Hampshire
Student Senate Resolution XXXVII – 35 Supporting the Creation of the Student Alumni Network

Introduced by: External Affairs Chairperson, Jonathan Dean

Date: March 22nd, 2016

Whereas, The University of New Hampshire (UNH) is building the programs that promote and allow students to gain the skills needed to become employed after college,

Whereas, Networking has become a skill that is needed to find employment after college,

Whereas, UNH Alumni are spread out throughout the country and are more than willing to help UNH students gain knowledge about a career opportunity and employ UNH students,

Whereas, UNH students recognize the need to network effectively and to make connection with UNH Alumni

Whereas, The Student Alumni Network (SAN) is being developed by UNH Advancement to meet students’ networking needs and bring UNH Alumni closer to UNH students

Whereas, SAN will have a leadership team representative of all majors across campus that will plan events and represent UNH at important alumni events,

Whereas, All UNH students will be invited to join the general membership. As a general member, students will receive promotional items, have access to all the networking events and be able to reach out to alumni more effectively, therefore,

Be it resolved, that the UNH student Senate support UNH Advancements efforts in creating this program and help promote this program to other students when the program launches in Fall of 2016.

Senate Action: Passes
