To Whom It May Concern:

The Student Senate of the University of New Hampshire recently passed the attached resolution regarding wireless access on campus. The Student representatives recognize that students have clearly and consistently regardless wireless access. The Student Senate respectfully requests that the University work to bring upgrades to the wireless infrastructure by the end of fiscal year 2017.

Respectfully,

Gabriel Hoffman
Student Senate Speaker
University of New Hampshire
Student Senate Resolution XXXVII – 44 Concerning Wireless Fidelity Access Infrastructure

Introduced by: Campus Structure Chairperson, Christian Merheb
Date: April 24th, 2016

Whereas, students at the University of New Hampshire (UNH) have been actively expressing concern regarding wireless fidelity (Wi-Fi) access, and

Whereas, students at UNH have expressed that the current Wi-Fi system has issues with reliability and maintaining consistent connection to the network, and

Whereas, the current Wi-Fi infrastructure at UNH is outdated and was not designed to accommodate the number of registered devices currently using the system, and

Whereas, the current UNH Wi-Fi system has 60,000 registered devices, therefore

Be it resolved by the Student Senate of the University of New Hampshire to support the UNH Housing Department and Information Technology departments in their efforts to seek to upgrade the current wireless fidelity (Wi-Fi) infrastructure by the end of Fiscal Year 2017, and

Be it further resolved that the upgrades accommodate more registered devices, improve the speed at which a user can navigate the internet, and is designed to be more reliable for users.

Senate Action: Passes Unanimously
