Name of Committee: President’s Commission on the Status of People with Disabilities

Date of Meeting: 11/17/2015

Name of Graduate student attending meeting: Bonnie A. Barlow

NH Children's behavioral Workforce Development Opportunity is offering an opportunity to apply for a grant. This may be applicable to some departments such as HHS or Education. They are still trying to determine a date for the veteran's awareness event "Darkness and Light: A Human Conversation with Eleven Wounded Veterans." The same discriminatory opinions expressed in TNH that were brought up in the GSS meeting were also discussed during this meeting. They also discussed the need for a return for the classified adds in TNH because it was a source of babysitters for some graduate students.
