

# EXERCISE SCIENCE

## Quick Facts: Exercise Physiologists

100%

Internship Rate

100%

Placement Rate

(Employed or enrolled in further education)

Employment growth will be driven by hospitals' increased emphasis on exercise and preventive care as part of their treatment and long-term rehabilitation from chronic diseases, such as cardiovascular and pulmonary diseases.

Industries with the highest level of employment in this occupation include hospitals, offices of physicians and other health practitioners, and outpatient care centers.

## Experiential Learning for Career Readiness!

A full-time, 400-hour internship provides students with clinical hours and practical experience in their field of choice, and is the culminating experience for the major.

Hands-on learning prepares students to succeed in a variety of employment areas.
