

Hamel Center for Undergraduate Research: Supplemental Guide to Programs

COVID-19 UPDATE: The Hamel Center will plan to continue undergraduate research programs where possible in AY22-23, dependent on the University's [mode of operation](#) at any given time, and also on the University's [phased approach to research activities](#) as determined by the Senior Vice Provost for Research. When preparing applications, students should consult the UNH and Hamel Center websites frequently for any updates or changes.
