

INCO 590/INCO 790 Comparison Chart

Description/Requirements	INCO 590	INCO 790
Purpose	Entry-level, apprenticeship experience; designed to help students develop research skills and prepare for more advanced research.	Advanced-level experience; designed for students who are conducting more advanced research and applying research skills they already have developed.
Student Eligibility	Students enrolled in a UNH associate or baccalaureate degree program. Students must be in good academic standing.	Students enrolled in a UNH baccalaureate degree program, especially: students who have already taken INCO 590; who have already conducted research; or who have had significant preparatory coursework. Students must be in good academic standing.
Registration	Follows University add/drop deadline. Signed Student-Faculty Contract must be submitted to Hamel Center.	
Course Credit	1-4 credits per semester; may be repeated for up to 8 credits maximum (INCO 590 + INCO 790 combined) toward bachelor's degree. Students may not work on more than one INCO 590 or INCO 790 project in any one semester.	
Support for Expenses	Up to \$200 for research expenses per semester.	
Grading	Credit/Fail	Assigned letter grade
Faculty Mentor Eligibility	A faculty member may mentor no more than five students per semester under INCO 590 and 790 combined. For further guidelines on faculty mentor eligibility, go to http://unh.edu/undergrad-research/faculty-mentor-eligibility
