Subject: UNH Durham Student Move-In Traffic & Parking Advisory

Recipients: All UNH Durham Employees

Body:

Campus Community Members,

As the university community prepares to begin a new academic year, it is time for student move-in days Wednesday, August 20 through Sunday, August 24. Peak congestion is expected Thursday, 8/21 - Saturday, 8/23 between 8:00 a.m. and 4:00 p.m. each day. UNH Police, in collaboration with UNH Parking Services, will close selected parking lots on the evening of Tuesday, August 19.

Over the years, we have developed proven strategies for managing the experience for students and their families. The process works well thanks to the outstanding cooperation from faculty and staff whose work is less directly related to move-in and accommodate this annual request for patience and flexibility. Please consider, with the approval of your supervisor, altering your arrival and departure times, or working virtually from an off-campus location especially on Friday, August 22.

Most of the campus parking lots will be **CLOSED** for staging to support student move-in operations. If you must commute to campus on any of these days, please be aware of conditions that may impact travel and parking (and that could result in cars being towed at the owner's expense if they are left in lots designated as closed). Please anticipate and be prepared for last-minute changes and additional directions from the UNH Police who will be supervising parking and traffic during move-in days. For more information, please email or call Chief Steven Lee at steven.lee@police.unh.edu or 862-1427.
